## STYLIST NOTES

- I love sending my curly clients home with DIAMOND hair mask! It keeps their curls hydrated and gives tons of shine. It's the perfect conditioning treatment to use after they use CLARIFY shampoo to deep clean their hair.
- It gives my hair extensions a ton of slip, and doesn't weigh it down.
- DIAMOND hair mask rinses out so clean. It doesn't leave your hair with a coating, and it's still soft post shower.
- As a male client, I let it sit on my scalp with the cold winters and dry skin.
